

FIXED SCREEN ONYX

BEAUTIFULLY FRAMED, HIGH QUALITY IMAGES

University of Texas Arlington, Dallas, TX ., Dealer: Summit Integration Systems, Addison, TX
Photography: Scott Williams, Visual Impressions Inc. Dallas, TX

■ Sharper image quality makes the fixed frame Onyx projection screen ideal for control centers, boardrooms, training centers, home theaters, or any application that requires better image quality. Housed in a larger “picture frame” style, the Onyx offers a beautifully framed image for any home or commercial decor. There are no snaps! Unique fabric retention system enables uniform tension adjustment to the entire surface area, without tools, to provide a truly flat viewing surface in seconds. The result is excellent image quality and quick and easy assembly.

Fixed frame projection screens are engineered for easy assembly and to provide a perfectly flat, taut viewing surface.

FEATURES

- Fixed frame screen designed to be wall-mounted or flown. Mounting fasteners not included.
- Extruded aluminum frame finished in black and forms 4" (10 cm) border on all four sides.
- Frame equipped with mounting flange that matches wall brackets.
- Viewing surface to have 3/4" (19 mm) hem pocket on all four sides to accept screen insertion tubing.
